CHARLES E. KING MID-CENTURY MODERN ARCHITECTURE MUSEUM

Saturday, April 22nd

Belleville, Illinois

Please join us for a tour featuring a home designed by renowned Belleville architect, Charles E. King. In November 2015, the Belleville Historical Society purchased this Terry and Thelma Blazier House at **6 Oak Knoll Place, Belleville, Illinois 62223** to serve as a Mid-Century Modern Architecture Museum. Mr. King designed the home for the Blaziers in 1952.

Our tour will start at 11:00 am with a talk about Charles King and his contributions to the mid-century movement. In addition, our host, Jay Schuessler, will add some antidotal stories of he "weaved" through Mr. King's life, citing both the architectural connection as well as the automotive influences. **We will then have lunch at the house, followed by time to roam the house and grounds.**

The cost for museum entry and lunch is **\$20 per person.** Please **RSVP by April 14th to Jay at jschuessler105@gmail.com or 314-277-2436.** Send your check, made out to "MBCA, St. Louis Gateway Section", to Jay Schuessler at 5 Powder Creek Dr, Belleville, IL 62223.

For additional information on Charles King, see this PBS documentary at: <https://www.youtube.com/watch?v=SLSGKHw-Yr4>

PRESIDENT'S MESSAGE

HELLO ST. LOUIS GATEWAY SECTION MEMBERS !

Wow ! St. Louis Gateway Section members gathered together to enjoy two fantastic events in January and February ! Our New Year's Brunch in January was over-the-top, as Addie's in Chesterfield closed their restaurant for our club and provided us with a fantastic array of both traditional and Thai selections. And in February, club members, Jim and Stacey Weddle, graciously welcomed us to a viewing of their fantastic collection of fine automobiles !

And the fun continues as Mercedes-Benz of Chesterfield General Manager, Daniel Branca and his staff are hosting this year's **Member Appreciation Reception on Saturday, March 11th**. If you haven't already RSVP'd for this one, I would suggest that you do so NOW.

Of course you'll want to join us for the **Mid-Century Modern Museum Tour on Saturday, April 22nd** that Jay Schuessler has put together for us. This will be another not-to-be-missed event for everyone. Details are noted on the cover page of this newsletter.

As we now have a Regional Event planned for June, the MBUSI Factory Tour that we were hoping to have in August, will be postponed until probably next year. Please let us know if are willing to host a gathering during the month of August.

And, please consider joining us for this year's **National MBCA Event, Mercedes Grande**, in Indianapolis, Indiana, September 7th-September 10th. This will definitely be a celebration of all things Mercedes-Benz ! Further details are noted on page 12 of this newsletter and the website, <https://www.mercedesgrande.org/>.

I want to shout out a personal THANK YOU to our many newsletter advertisers. It is these companies/individuals that financially support our Section. **PLEASE consider using one of the many businesses that advertise in our newsletter.** They all receive my personal sign-of-approval.

NEW YEAR'S BRUNCH, ADDIE'S THAI HOUSE, CHESTERFIELD – SUNDAY, JANUARY 15TH, 2023

Club members were treated to a fabulous New Year's Brunch on Sunday, January 15th, where we all gathered at Addie's Thai House in Chesterfield. Addie's owner, Louis Brinckwirth, opened up his restaurant for only our club members this particular morning and put together a fantastic menu of both traditional American and Thai foods! Compliments abounded by ALL attendees!

As an added "bonus" to our already wonderful gathering, Central Regional Director, Ken Koehler and his wife, Sara, joined us for a brunch that we look forward to doing again in the future. (photo left)

JIM WEDDLE'S CAR WAREHOUSE COLLECTION – SATURDAY, FEBRUARY 4TH, 2023

Club members Jim and Stacey Weddle graciously hosted us on February 4th, once again, to a visit of their incredible collection of amazing cars! And to top off our visit, the Weddles provided us with boxes of delicious donuts and coffee!

President Rick noted the fact that four of the five St. Louis European Auto Show board members (Jim Weddle, Rodger VanNess, Carl Fitzwater, and Rick) who were instrumental in revitalizing the show over 20 years ago, attended the visit (Steve Jacquemin was still vacationing in Florida). The show continues to be very successful with all proceeds directed to charitable entities throughout the St. Louis area. This year's show is scheduled for Sunday, June 11th.

New member, and General Manager of both Plaza MB and MB of Chesterfield, joined us and invited us all to the Member Appreciation Reception at Mercedes-Benz of Chesterfield, which they are hosting, on Saturday, March 11th. The dealership will be providing snacks and your club will be supplying the wine.

A masterpiece of intelligence.

You don't measure a car's efficiency just at the gas pump. It's also something you feel in its confident agility. How it moves into traffic, or negotiates a surprise. It's how an E-Class always feels right for the times, and in the moment.

MY GATEWAY TO THE MERCEDES-BENZ CLUB OF AMERICA

Jonathan Leggs, SLGS Webmaster & Membership Chair

I didn't set out to own a Mercedes-Benz. I came to own my 2005 SLK55 AMG through a crooked road, figuratively speaking. This was not my first brush with the marque. In 2001 I picked up an emerald green 1982 380SEC with an AMG package. It had an AMG body kit, wheels, and suspension, but the engine was stock. I had no idea what Mercedes ownership was about so needless to say, I was ill-prepared for the task. Being a child of the 80's, I was familiar with AMG through me being glued to the TV every Friday evening watching Miami Vice with my older brother. The SEC had spent a fair portion of its life in an indoor showroom and the visible condition of the car was excellent. What I couldn't see was what was beneath the surface. There was zero rust on the car, but because it had basically been stored for quite a while, the appropriate maintenance had not been taken care of over the latter years of its life. The more I drove it, the more that things went wrong. After a year and a half, I ended up selling the car for next to nothing.

For ten years prior to picking up my SLK, my wife, daughters, and I had been avid motorcycle riders and we were in the market for a "fun car" to be a replacement for the bike. The car that started me down the path of bike replacement was not a roadster. It was a sedan of a completely different

marque. The car that I had set my sights on wasn't meant to be, as the seller and I could not get our numbers to align, so I decided to embark on another search.

I started looking at Miatas and the thought of a V8 swap in one had crossed my mind. It was during this time that I saw a video by popular automotive YouTuber, Doug Demuro. The video was called, "The Mercedes-Benz SLK55 Is an Underrated V8 Luxury Miata". He absolutely had my attention. I had no idea that this car existed! From here I went on an internet frenzy to find out as much about the car as I possibly could. Without ever having seen one in person, I had become quite smitten.

After a couple months of searching, the SLK I now own was listed on Craigslist in Springfield, Missouri. After working with

the owner a few days, my daughter and I drove down to take a look at the car. When I first saw it, I was blown away at just how beautiful it was, as it was very reminiscent of a tiny exotic car. I was sold on it before the previous owner handed me the key for a test drive. Despite its small size, it is not wispy or lightweight. Best word to describe it is "solid".

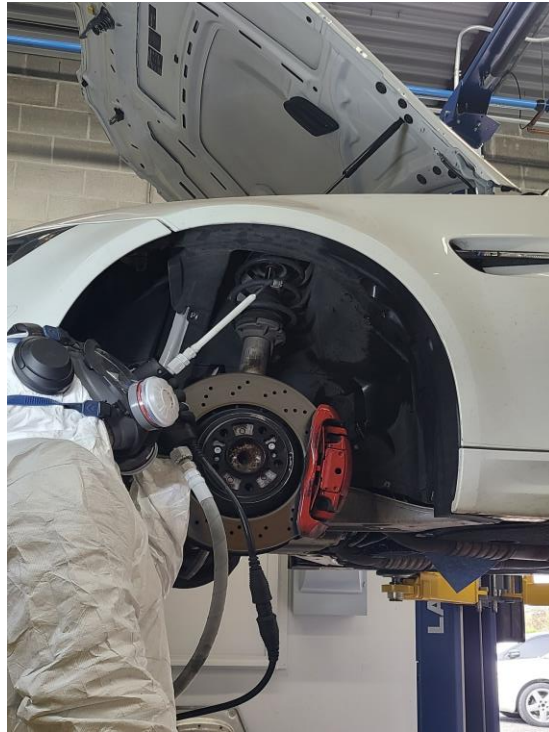

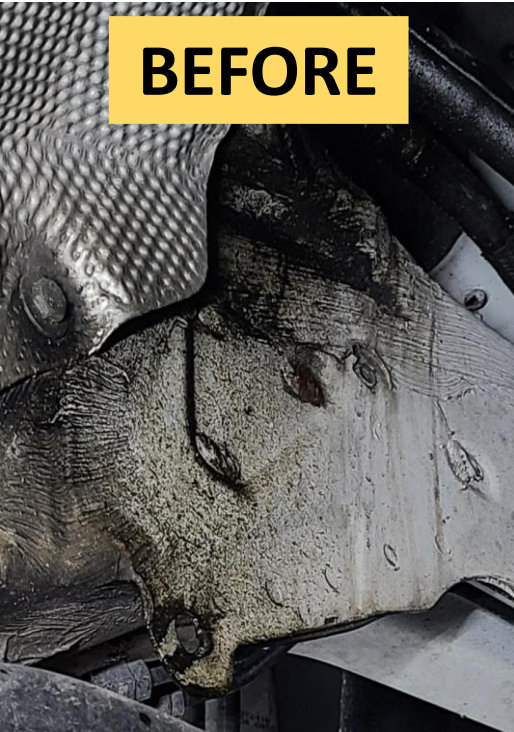

With the transaction complete, we drove the three hours back to St. Louis with no problems, which was kind of a risk as I didn't have much knowledge of the car's overall mechanical condition. Needless to say, on the drive home, I felt like a kid on Christmas morning. In the following months, there were a couple of minor maintenance

issues that were taken care of handily by Mercedes-Benz of St. Louis. With the deferred maintenance items now behind me, I am happy to report that the SLK has been very dependable. Except for a few snowy and rainy days, I've driven this car almost every day over the past year. What was supposed to be the weekend-only fun car has become my daily driver to the tune of almost 10,000 miles in the past year. This SLK has been a wonderful welcome back to Mercedes, and a great "Gateway" to the Mercedes-Benz Club of America and our fantastic local chapter, the St. Louis Gateway Section!
