PRESIDENT'S MESSAGE

HELLO ST. LOUIS GATEWAY SECTION MEMBERS!

HELLO FRIENDS!

The fun continues for St. Louis Gateway Section members, as they once again gathered to attend our past three enjoyable events! Our New Year's Brunch was a repeat performance of last year's, at Addie's Restaurant, with rave reviews from all attendees. In February we had the unique opportunity to visit the wonderful St. Louis Art Museum and have lunch together in the museum's Panorama Restaurant. And, our March event was the always popular Annual Member Appreciation Reception. Plaza's GM, Daniel Branca, definitely stepped up to the plate once again and hosted this one for us.

On a personal note, I recently purchased a beautiful 2012 SLS AMG and am now a member of the infamous Gullwing Group (GWG). This club has been around a long time and has a great group of fun-loving, interesting and down-to-earth members – very similar to the St. Louis Gateway Section! Fellow SLGS and GWG member, Ed Knoll and I, along with 50 other GWG members, recently attended the brand new Concours and RM Sotheby's auction event in Coral Gables, Florida, called ModaMiami. Stay tuned for more information and pics on what will now be an annual event.

Recognize this couple? They have been in our club almost 30 years and he has been our Section President over the years, certainly more than once!

I want to shout out a personal **THANK YOU** to our many newsletter advertisers. It is these companies/individuals that financially support our Section. **PLEASE consider using one of the many businesses that advertise in our newsletter.** They all receive my personal sign-of-approval.

NEW YEAR'S BRUNCH

Sunday, January 14th | Addie's Restaurant, Chesterfield

The St. Louis Gateway Section's annual New Year's Brunch at Addie's Thai House in Chesterfield was a delightful gathering that brought together our club members once again to kick off the year in style. The event was marked by a warm ambiance and a delectable spread of both traditional brunch and Thai cuisine, creating the perfect backdrop for reconnecting with familiar faces and extending a warm welcome to long-time members rejoining the fold. The atmosphere was filled with shared stories, laughter, and a sense of camaraderie that reflects the tight-knit community of the MBCA's St. Louis Gateway Section. It was truly a memorable occasion that celebrated both the passion for automobiles and the enduring friendships within the Mercedes-Benz enthusiast community.

ST. LOUIS ART MUSEUM VISIT AND LUNCH

Saturday, February 10th

On Saturday, February 10th, thirty fortunate St. Louis Gateway Section members were privy to a very unique presentation by Judith Walker Mann, St. Louis Art Museum's Senior Curator. Judy provided us with a stellar explanation of the "behind the curtain" insights involved in the preparation of major international art shows at the museum, from its beginning to its conclusion.

After the presentation, we all enjoyed a delicious lunch in the Museum's beautiful Panorama restaurant.

Thanks are extended to our host, Lee Naas. And SLGS member, Rudy Beck, summed it up best when he said, "It was a wonderful event! I discovered several things: 1) new friends, 2) how incredibly complex the process is for creating a show of an artist or genre of art, and 3) a great new place to have lunch or dinner."

MEMBER APPRECIATION RECEPTION

Saturday, March 23rd | Plaza Mercedes-Benz

Plaza's General Manager, Daniel Branca, certainly "stepped up to the plate" once again as he and the dealership hosted our always popular Annual Member Appreciation Reception. The dealership had a wonderful selection of a multitude of delicious foods and snacks, along with water and soda. And....members, Gary & Gail Griffin graciously provided us with exceptional red and white wines!

Many of our members took advantage of the opportunity to purchase official MBCA name-badges for only \$12!

Rick provided details on our upcoming events and five of our lucky members (Jonathan Fine, Steve Scissors, John Lamberg, Pat White, and Lyn Feuerbacher) had winning tickets in our drawing for gift cards to various restaurants in the St. Louis area.

A masterpiece of intelligence.

You don't measure a car's efficiency just at the gas pump. It's also something you feel in its confident agility. How it moves into traffic, or negotiates a surprise. It's how an E-Class always feels right for the times, and in the moment.

67-STORY MERCEDES-BENZ PLACES IN MIAMI ANNOUNCED AS LUXURIOUS AND VISIONARY TOWER

Source: JDS Development Group; Mercedes-Benz

JDS Development Group and Mercedes-Benz are shaking up Miami with the launch of their new endeavor, “Mercedes-Benz Places.” This groundbreaking 67-story skyscraper, blending residential spaces with mixed-use areas, is set to revolutionize Brickell’s skyline. It’s Mercedes-Benz’s debut in the U.S. real estate scene, presenting a colossal structure that spans over 2.5 million square feet—making it one of Florida’s most massive construction projects. Themed around “Timeless Design, Inspired by Miami,” it promises a new standard for city living.

Situated at 1 Southside Park in Brickell, the tower will house 791 exclusive Mercedes-Benz residences, from cozy studios to expansive 3-bedroom condos. Residents are promised stunning vistas of Miami, Biscayne Bay, and the Atlantic, with doors set to open in 2027.

Beyond living spaces, the project offers over 130,000 square feet dedicated to amenities and hospitality, plus 200,000 square feet for office space, a hotel, retail outlets, and state-of-the-art mobility solutions like EV charging and a resident car fleet.

With an eye on revitalizing the Brickell area and turning Southside Park into a green haven, Mercedes-Benz Places in Miami aims to set a new benchmark for sustainable, innovative living in the city’s heart.

Our love for Mercedes-Benz is rivaled only by our passion for restoring them.

Specializing in Mercedes-Benz repair.

2024 AMELIA ISLAND CONCOURS D'ELEGANCE

March 2nd & 3rd, 2024

By: SLGS Member, Steve Sullivan

Sue and I drove to Amelia Island for the Hagerty-sponsored Cars and Community auto show. It was held on the grounds of the Golf Club of Amelia Island at the Ritz Carlton hotel on March 2nd and 3rd. There was a large display of over 350 cars of every type and style, spread out over several fairways of the golf course. There were quite a few beautiful Mercedes-Benz models on display. Several AMG's, lots of SL's and even some custom ones like an SEC with gull-wing doors. One thing I thought interesting was the young man from Tennessee that buys wrecked AMG's, rescues the motors, and then shoehorns them into older sedans. Quite an interesting business model... bringing vintage Mercedes back to life with a modern heartbeat.

The new Broad Arrow company was at the Ritz Carlton, having an auction that weekend too. So, we had a great time wandering through the staging tent and looking over all of the cars. We had the opportunity to meet and talk to Wayne Carini again on Saturday. I say "again" because that guy seems to be everywhere. We saw him both on Saturday and Sunday, and last year at another auto show. We even saw him at a Vintage Motorcycle Festival at Barber Motorsports Park a while back. I'm sure he doesn't know us from Adam, but he is a genuinely nice person and will talk to anyone who says hello.

Saturday evening we attended a dinner hosted by the local MBCA Section at the Crab Trap in the small town of Fernandina Beach. We met with the current National Vice-President and his wife, Steve and Carol Ross. The dinner was attended by about 40 club members from several MBCA Regions. The food was great, and so was the opportunity to talk to other Mercedes-Benz fans about our favorite cars. Sunday's Concours was more subdued with less cars covering the golf course. The cars were simply amazing to look at and talking with their owners was a lot of fun. Everyone was very proud of their cars and would talk at length about the history and experiences they had during restoration and ownership.

This was a great event. Sue and I had lots of fun mingling with the many auto enthusiasts during the busy weekend of car shows and auctions. I would put it on your bucket list, if it isn't already on there.

2025 MERCEDESAMG E53 HYBRID 4MATIC OFFERS UP TO 603 HP!

The 2025 Mercedes-AMG E53 4Matic sedan will come in plug-in-hybrid form, with substantial electric range. It's expected in the U.S. in late 2024.

This beautiful sedan will have, a 3.0-liter twin-turbo six-cylinder engine and electric motor that produces 576 horsepower. A sizable 21.2-kWh battery targets 62 miles of EV range, but that's under the generous European WLTP. Optional Dynamic Plus package adds more performance and upgraded brakes to this new member of the E-Class family.

We have grown used to the idea of cars getting more powerful over successive generations, but electrification has dramatically increased this trend. The last

Mercedes AMG E53 sedan in the U.S. boasted an entirely respectable 429 horsepower from its turbocharged six-cylinder engine. The new 2025 version will use a plug-in-hybrid powertrain to give a significantly enhanced 576 horsepower—or 603 hp when using the optional Race Start mode. Those figures mean the new E53 makes more power than the previous-generation Mercedes AMG E63 S. This is the sort of inflation we can all get behind.
